

# Public Notice

The Baltimore City Department of Public Works in coordination with the Baltimore City Department of Transportation are accepting public comments for a request to issue an Administrative Waiver<sup>1</sup> to the requirements of the City Code for this public infrastructure rehabilitation project, entitled “Rehabilitation of Central Avenue and Storm Drain from Eastern Avenue to Madison Street”.

Project Location Map

Notice is hereby given that the public is invited to comment on the request by the Baltimore City Department of Public Works for an Administrative Waiver to the requirements of the City Code which

Footnotes: <sup>1</sup>As pertains to the Baltimore City Code and Stormwater Guidelines.

will allow the construction of the infrastructure rehabilitation project to be governed by the provisions of Division II, as reflected on May 4, 2009 under section 23-8(a)(1). This project is eligible for an Administrative Waiver since it received Concept/Preliminary Project Approval on or before May 4, 2010. The Concept/Preliminary Project Approval was granted on April 28, 2010.

Comments on the request for the Administrative Waiver must be received by (4:30 pm) on (October 29, 2010) to ensure consideration by the Department.

The City of Baltimore Department of Public Works is proposing an infrastructure redevelopment project on Central Avenue and adjacent intersections from Central Avenue to Madison Street. Associated improvements will include:

- Repair of existing Harford Run Storm Drain
- Construction/Repair of utilities, including water, sanitary, gas, steam and electrical lines.
- Full-depth reconstruction of paving, sidewalks, and driveway entrances
- Compliance with American with Disabilities Act in sidewalks, sidewalk ramps, and pedestrian crossings.
- Construction of landscaping/streetscape improvements

In order to meet the 2010 Baltimore City SWM Ordinance requirements for the proposed improvements, an (Administrative Waivers) must be granted by the Department that will allow the project to proceed in accordance with the stormwater regulations that existed prior to May 4, 2010.

It is requested that a quantity waiver be granted pursuant to section 2.7(3) of the Baltimore City Stormwater Manual (February 2003). Further, it is requested that a fee-in-lieu of waiver for quality control be allowed pursuant to the same manual.

This project will wholly take place within the following Council Districts 1 and 12.
